

SKYDIVE HELICOPTER SKYDIVE LAUTERBRUNNEN

INTERLAKEN

The most beautiful place to skydive - fly past waterfalls and glaciers.

Skydiving in Lauterbrunnen offers an unforgettable mix of adrenaline and natural beauty.

Your adventure begins with a scenic helicopter flight through Lauterbrunnen Valley, soaring past dramatic cliffs, waterfalls, and alpine peaks. Then, from around 4,000m / 14,000 feet (or up to 4,300m / 14,500 feet if you upgrade to the Eiger or Jungfrau jump), you'll jump with the iconic Jungfrau right next to you.

Experience the rush of freefall, followed by a peaceful parachute descent with panoramic views of one of the most stunning landscapes in the world. This is one of the only places on Earth where you can skydive so close to rugged mountain faces and cascading waterfalls—both on the way up and on the way down.

Whether you're chasing adrenaline or simply want to see the Alps from a whole new perspective, this is an experience you'll never forget.
